Reynold Philipsek to Release 34th CD *Tales from the North Woods*
Latest CD Infused with Philipsek's Czech and Polish Folk Music Heritage

FOR IMMEDIATE RELEASE – June 14, 2011, Eden Prairie, MN

Jazz guitarist and prolific songwriter Reynold Philipsek will hold a CD release event for his thirty-fourth wide release CD, *Tales from the North Woods*, beginning at 9:00pm on July 16th, 2011, at Aster Café located at 125 S.E. Main Street, in the Riverfront section of St Anthony Main in Minneapolis, MN. Each paid admission of \$12 will receive a complementary copy of the new CD.

“With the disappearance of my parents’ generation, I feel it is time to reconnect with who I really am. I have a new found appreciation for my Czech and Polish heritage, and over the last several years I’ve been working on integrating the Slavic folk music that surrounded me growing up into my particular jazz and gypsy jazz style,” said Philipsek.

A cross-cultural, cross-generational work, *Tales for the North Woods* includes elements of gypsy jazz, bebop, Latin folk music, modal jazz and the folk music of Reynold’s Czech and Polish heritage.

Tales from the North Woods is currently on the playlists of over forty-five radio stations across the U.S. including Long Beach, CA, Atlanta, GA, Memphis, TN, Baltimore, MD, and Hartford, CT, and also internationally on stations in Adelaide, Australia, The Netherlands, and, in Canada, Thunder Bay and London in Ontario province, and Calgary, Alberta.

Philipsek currently has three original compositions in iTunes *Gypsy Jazz Essentials*, performs 150 shows per year as a solo performer and in duet and ensemble settings, and is already at work on his next project.
